Whistleblower 2LT. Scott Bennett has been a baaad goy!

Just in case you missed the sticky a few weeks back, Scott Bennett is a US Army psyops whistleblower who tried to expose Union Bank of Switzerland financing terrorism (see: Al-Qaeda, Benghazi, ISIS) through the US and allies, Saudi Arabia, Qatar, Turkey, and Israel back in 2012/2013, then got thrown in federal prison for it. Now he's been blowing the whistle since October '14, nonstop. However, his reporting just landed him on the ADL's bad-goy-filthy-antisemite-bastid list:

>(Scott Ben-net[sic], "Amer-i-cans tired of Israel lobby and Netanyahu: Ex-US army psy-cho-log-i-cal war-fare offi-cer," August 1, 2015)

> "Israel has done every-thing in its power for decades to make sure that the West and the Islamic world are at odds with each other, are at log-ger-heads, are fight-ing and squab-bling against each other so that Israel can rule the roost and carve out its empo-rium while every-body else is distracted."

> "This obvi-ously reveals to the world that Israel and global Zion-ism are the pri-mary imped-i-ments to world peace and sta-bil-ity, it's not Iran."

Scott has been tearing it up doing radio interviews in the alternative media and trying to spread his whistleblowing about UBS, Hillary Clinton, Obama, Eric Holder, etc. for months now. Now the ADL says he's an evil gentile so you know he's legit.
